These parameters subject to fulfilment of other terms and conditions, determine the number of floors which could be constructed on a given size of plot. However, the matter is *subjudice* and the Supreme Court in W.P. No. 4677 of 1985 in the case of M C. Mehta vs. Union of India & others *vide* its Orders dated 7.5.2007 and 23.7.2007 has permitted additional floors only on those cases where construction were permissible on the basis of the MPD-2001 as modified in 1998 and such cases where additional floor has been sanctioned and constructed before 7.5.2007. By virtue of these orders, additional floor without dwelling unit is allowed only on plots measuring 250 sqm. and above in size and facing 24 m and more wide roads. Applications which do not fulfil these parameters are not being entertained at present.

(d) to (f) MPD-2021 provides that 100% Ground coverage and 350 FAR shall be eligible for regularisation of construction already existing as on 22.9.2006 on payment of charges as per the Notification, in respect of plot size upto 175 sqm.
